**Cambridge, Cambridgeshire and Fenland Illustrations**

**Part 1**

***Guide and Catalogue***

This is a two-part guide to the engravings, prints, postcards and photographs of  
*Cambridge, Cambridgeshire and the Fens*  
that I have in my own collection.

There are many thousand others filed away in the Cambridgeshire Collection at Cambridge Central  
Library.

The Classification Scheme outlined below is similar in both collections.  
It divides the pictures into various categories which are then arranged chronologically

The Catalogue is published separately

I have scans of all of the images listed that I am happy to share for research or private study.  
Please quote the details from columns A & B

You will need to make your own investigations into Copyright restrictions before publication

I continue to add material and can also access other collections.  
Do contact me should you not find what you need.

There is a separate file of illustrations of Stretham

Mike Petty's  
Cambridgeshire Illustrations Classification Scheme.  
Schedule  
Revised 21 July 2016

Note: there are usually three sections.

An initial letter for broad category (eg a street) which is narrowed down (often by three letters of a name). Thus "B.Pet." means *Streets. Petty Cury*, "Y.Lit" is *Villages. Littleport*

The final section is a date letter followed by a number (J for 1800, K for 1900. K1. is 1910s, K12 1912).

The Cambridgeshire Collection follows a similar scheme
